**2017 NYSUC
AFFIDAVIT OF PROFESSIONAL CERTIFICATION
FOR ELEVATOR PERMIT**

Commercial and residential elevators are regulated in the 2017 NY State Uniform Codes, 2017 NYSUC Supplement and reference standards as adopted and amended. As such and in accordance with applicable laws, commercial and residential elevators requires building permits from the Town of Islip Building Department.

For submittal, an application form must be completed and manufacturer shop drawings (4 sets) shall be submitted. The elevator shop drawings shall be signed and sealed by a NY State registered design professional and shall include a contact title block.

As a condition for an elevator permit, the person who signed and sealed the elevator drawings shall submit a signed and sealed letter of certification. This certification shall state the following:

“The construction documents and drawings are in compliance with the 2017 NYSUC, 2016 NYSUC Supplement, reference standard IBC 3rd printing as

amended (Chapters 11, 27 and 30), reference standard 2015 IFC 3rd printing as amended section 607.1, reference standard ASME A17.1/CSA B44 2013 and ICC A117.1 2009”

If the application is for a “LULA” (limited use limited access) elevator, then the statement shall include a note for compliance with ASME A17.1/ CSA B44 2013 section 5.2 and ICC A117.1 2009 section 408.

If the application is for a residential elevator, then the statement shall include a note for compliance with ASME A17.1/CSA B44 section 5.3 and ICC A117.1 2009 section 409.

THIS WORDING SHALL NOT BE MODIFIED.

This certification shall be submitted with the building permit application and drawings.
