

Long Island MacArthur Airport (ISP) An Important Asset for the Business Community

AMERICAN AIRLINES, BREEZE AIRWAYS, FRONTIER AIRLINES, and SOUTHWEST AIRLINES serve MacArthur Airport with 13 non-stop destinations plus connecting service to domestic and international markets. This means travelers can go anywhere in the world right from their hometown, business-focused airport.

These options make travel more convenient and comfortable. MacArthur travelers enjoy a better customer experience, more efficiency, and easy parking. Getting to the airport is also fast and convenient thanks to the Long Island Railroad's Ronkonkoma station adjacent to MacArthur Airport.

These facts translate to customers saving time and money by flying from MacArthur Airport. Our customers realize that they are worlds away from LGA and JFK at Long Island MacArthur Airport. Travelers can *Fly More and Stress Less* at the "close airport."

With 13 nonstop cities, ISP now serves many of the region's top markets, and is working to bring additional flights to Long Island by actively marketing its service to increase travel options.

Local leaders, teaming up with the airport and local businesses, are working harder than ever to promote the airport and continue to bring new service options to ISP.

MacArthur Airport provides strong benefits to the people living and working on Long Island. It is a powerful draw for companies looking to bring new businesses to the region. The airport contributes to over \$600M in economic impact and 6,000 jobs in the community.

- Key Amenities
- Non-stops to 13 Cities
- 24/7 Air & Surface Purification
- Connections Nationwide

ISP

Long Island MacArthur Airport

AMERICAN AIRLINES (AA) upgraded to regional jets on the ISP to **Philadelphia (PHL)** route, connecting MacArthur Airport to American Airlines' worldwide network. The Embraer 145 increases convenience, comfort, and total seats available. On long-haul connections through PHL, travelers typically enjoy a fare advantage vs JFK and LGA. To book flights go to www.AA.com.

FRONTIER AIRLINES (F9) introduced **Orlando (MCO)** service in the summer of 2017, and has since expanded with non-stops from ISP to **Atlanta (ATL)**, **Ft. Lauderdale (FLL)**, **Ft. Myers (RSW)**, **Myrtle Beach (MYR)**, **Raleigh-Durham (RDU)**, **Tampa (TPA)**, and **Palm Beach (PBI)**. All of the flights connect to the rapidly expanding Frontier Airlines system, now covering over 100 cities. To book flights go to www.flyfrontier.com.

SOUTHWEST AIRLINES (WN) introduced non-stop service to **Nashville (BNA)** in 2021 in addition to **Baltimore/Washington (BWI)**, **Fort Lauderdale (FLL)**, **Orlando (MCO)**, **Tampa (TPA)**, and **Palm Beach (PBI)**. This service recognizes Southwest's commitment to travelers on one of ISP's top routes. Beyond non-stops from ISP, SWA provides connections to 100+ destinations in North America, Hawaii, Central America and the Caribbean. Find low fares at www.swabiz.com and deals and information at www.southwest.com.

BREEZE AIRWAYS (MX) is the 5th airline founded by aviation entrepreneur David Neeleman. Breeze is our newest air carrier. After hosting Breeze for its FAA certification runs, MacArthur Airport secured non-stop flights to **Norfolk (ORF)** & **Charleston (CHS)**. Download the Breeze App or visit www.flybreeze.com to book.
